

JAMIE'S FARM CULTIVATING CHANGE

OUR IMPACT

- 91% of children experienced Jamie's Farm in the academic year 2016-17.
- 60% of young people showed improved behaviour 6 months after their visit to Jamie's Farm.
- 68% of young people had sustained the improvement to their self-esteem 6 months later.
- 69% of those young people at risk of exclusion were no longer 'at risk' half a term after their visit.
- 64% of young people showed improved engagement with school (both attendance and attainment) 6 months later.

OUR OUTCOMES

INCREASED ATTAINMENT

HIGHER ATTENDANCE

IMPROVED WELL BEING

FEWER EXCLUSIONS

OUR MISSION

Vulnerable children are better equipped to thrive during Secondary School years and beyond

WHAT THIS MEANS FOR YOUNG PEOPLE

Increased engagement

Better behaviour

Increased self-esteem and resilience

Better relationships with adults and peers

WHAT THIS ACHIEVES

Belief in their own agency

Reformed patterns of behaviour without negative labels

Increased emotional literacy

Better-informed and better-equipped staff

WHAT HAPPENS DURING THE RESIDENTIAL

opportunities to succeed

A healthy technology-free lifestyle away from negative influences

Safe space to reflect in individual meetings and group sessions

Positive ways of working modelled for teachers and staff

OUR APPROACH

FARMING

FAMILY

THERAPY

LEGACY AND FOLLOW-UP

OUR THEORY OF CHANGE

Real jobs with real outcomes

A loving, holding framework of support

An integrative therapeutic programme

Long-term support for children and collaboration with partner schools
