Our mission

We exist to transform the lives of young people who aren't thriving at school or home, through our unique residential programme built around our core elements of Farming, Family, Therapy and Legacy.

We also aim to influence the education system by enabling systemic change through spreading our approach. We do this by training teachers and other professionals in multiple sectors to engage more effectively with young people in their care, as well as informing and supporting parents and society at large to enable all young people to thrive.

Charity overview

At Jamie's Farm we believe in the innate potential and good in every young person, no matter their background or life experiences. Our programme offers a preventative solution to empower young people to change course. Small groups of young people are immersed into farm life during a 5-day residential, or series of day visits, tackling real jobs with tangible outcomes, within a supportive family environment; this encourages cooperation, boosts self-esteem and builds positive relationships. A visit to Jamie's Farm does not end when young people leave; our legacy strand ensures we work in partnership with all our schools to ensure impact lasts.

Since our inception in 2009 we have experienced significant growth, expanding from one Farm to five and supporting more than 13,000 young people across England and Wales. We have an ambitious strategic plan over the coming years, including opening two more residential Farms in the next two years, improving the practice of education professionals and becoming a leading voice in advocating for the needs of young people which are ever-growing in the face of today's societal challenges.

Our values

Our values guide everything we do at Jamie's Farm. We seek to ensure that even as the charity grows, we are able to maintain the unique culture that we have established across our farms – a culture that is based on an optimistic can-do spirit, and which supports and challenges us to be the best of ourselves.

Farm overview

Jamie's Farm Hereford

Our second farm, opened in 2016, is found on the English – Welsh border in beautiful Herefordshire. The team has built strong links with local farmers and organisations to offer visiting young people a rich and varied programme, whether on or off the farm.

Situated in the Golden Valley, within easy reach of the Black Mountains and the Brecon Beacons, visiting young people benefit from wonderful walks in the wilds of the countryside. Sleeping accommodation overlooks the beautiful courtyard and traditional stone barns. There is a terrific manège on site for our unique therapeutic work with horses. Every week our young farmers can be found hand carving locally felled wood to create beautiful serving bowls, coat hooks and spoons.

We take immense pride in fostering a strong sense of camaraderie that transcends the seven locations we operate in England and Wales. Despite geographical spread, we remain steadfast in our commitment to unity, coming together as one cohesive team throughout the year. this role

Farming

Farming is at the heart of all we do. The purposeful nature of our farming activities in the beauty of these rural environments is the catalyst for the transformation we see in the young people that visit. We pride ourselves on the stewardship of our land, in the careful nurturing of our animals, in seeing the sense of purpose and satisfaction our visitors get from hard work, and in ensuring our farming enterprises our good business. Our Farm Managers drive this crucial strand of our work forward.

Delivery

Our Delivery teams are made up of people with a wealth of experience from a variety of backgrounds. We have ex-teachers, carpenters, farmers, therapists and social workers...the list goes on! Every week they welcome our visiting young people, working alongside them, modelling relationships and supporting them in the daily tasks whilst enabling them to see themselves differently. Labels and preconceptions are left at the farm gates. The farm is a fresh start and our delivery teams are paramount in making the experience a transformative one.

Operations

Our programme wouldn't be possible without a hive of hidden activity. Our Operations team look after our fundraising, communications, IT, finance, Impact measurement, house lets and business development.
