### Our mission

**We exist to transform the lives of young people who aren't thriving at school or home, through our unique residential programme built around our core elements of Farming, Family, Therapy and Legacy.**

We also aim to influence the education system by enabling systemic change through spreading our approach. We do this by training teachers and other professionals in multiple sectors to engage more effectively with young people in their care, as well as informing and supporting parents and society at large to enable all young people to thrive.

## Charity overview

At Jamie's Farm we believe in the innate potential and good in every young person, no matter their background or life experiences. Our programme offers a preventative solution to empower young people to change course. Small groups of young people are immersed into farm life during a 5-day residential, or series of day visits, tackling real jobs with tangible outcomes, within a supportive family environment; this encourages cooperation, boosts self-esteem and builds positive relationships. A visit to Jamie's Farm does not end when young people leave; our legacy strand ensures we work in partnership with all our schools to ensure impact lasts.

Since our inception in 2009 we have experienced significant growth, expanding from one Farm to five and supporting more than 13,000 young people across England and Wales. We have an ambitious strategic plan over the coming years, including opening two more residential Farms in the next two years, improving the practice of education professionals and becoming a leading voice in advocating for the needs of young people which are ever-growing in the face of today's societal challenges.

## Our values

Our values guide everything we do at Jamie's Farm. We seek to ensure that even as the charity grows, we are able to maintain the unique culture that we have established across our farms – a culture that is based on an optimistic can-do spirit, and which supports and challenges us to be the best of ourselves.

## Jamie's Farm Bath

### Two farms, one hub

Located close to Bath, Hill House Farm and the soon-to-open Lower Shockerwick form a cohesive hub for Jamie's Farm, offering two distinctive yet complementary environments that inspire, nurture, and enrich young people.

Just minutes apart, these farms will operate within a 'hub model,' enabling shared resources and team collaboration while ensuring that weekly visits at each location remain independent.

At Hill House Farm, young people engage in hands-on activities like nurturing livestock, lambing, chopping wood, and harvesting vegetables, with adventures enhanced by hikes in the local countryside and paddling in the neighbouring By Brook.

Lower Shockerwick Estate offers another exciting setting for these activities, blending historic features with reflective spaces in its woodlands and parkland.

Together, these settings balance purposeful work with reflective restoration, embodying the Jamie's Farm's mission to foster growth through farm life.

**As part of this hub model, this role may be based at either farm, which are just a short drive from one another.**

## Our community

At the heart of our charity lies a vibrant community spirit, embodied by our dedicated team. We take immense pride in fostering a strong sense of camaraderie that transcends the seven locations we operate in England and Wales. Despite geographical spread, we remain steadfast in our commitment to unity, coming together as one cohesive team throughout the year. The celebrations at our staff parties and annual away days to the Brecon Beacons stand out as cherished highlights on our calendar, illustrating the bonds that make our charity a thriving community.

## Training and development

We aspire to be a catalyst for personal and professional growth. Central to this is our commitment to the continuous training and development of all our team members. We proactively evaluate and refine our initiatives. Our annual performance reviews play a pivotal role in identifying areas where team members may seek development opportunities. We actively encourage our staff to take ownership of their roles, enabling a culture of creativity that empowers both individual progression and collective advancement.

## Pay and progression

Jamie's Farm maintains a transparent pay banding structure that ensures payment is aligned with the responsibilities outlined in each role. Progression within these bands is determined by factors such as tenure, assumption of additional responsibilities, outstanding performance, and the attainment of additional qualifications. Furthermore, our salary band structures undergo an annual review through market benchmarking and inflation, allowing us to stay responsive to industry standards and adjust as needed.

## DEI

At Jamie's Farm, our commitment is for everyone to thrive, irrespective of their background. The cornerstone of this commitment is our dedicated work on Diversity, Equity and Inclusion (DEI). In line with this commitment, we have recently established a DEI committee and forged a partnership with a DEI consultant. Together, we are diligently working to fortify our practices in this area, ensuring Jamie's Farm is not only a welcoming space but an inclusive environment where everyone can contribute, work and find enjoyment without barriers.

## Sustainability

Jamie's Farm understands the interconnectedness of climate change and environmental crises. With this awareness, we acknowledge our responsibility to diminish our carbon and environmental footprints, positioning ourselves as a conscientious and responsible charity. Following a comprehensive carbon audit, we are actively implementing measures to mitigate the impact of our operations. In the coming years, we are committed to the installation of energy-saving technologies across our farms, exemplifying our dedication to sustainability.

We are passionate about embracing regenerative farming methods and employing a diverse range of sustainable agriculture techniques. These practices not only contribute to reducing our ecological impact but also create environments where wildlife can flourish. Through these initiatives, we strive to be an example for positive environmental change within our community and beyond.
